# District of Columbia National Guard

**Announcement Number:** DC-AHA-AF-24-025

**Position:** Aircraft Mechanic Supervisor

## a. INTRODUCTION:

The purpose of this position is to supervise workers on a day-to-day or project-by-project basis, either directly or through one or more subordinate leaders, in accomplishing the work operations of the organizational segment or work shift and to perform associated nonsupervisory work.

## b. DUTIES:

(1) **Planning:** Plans and schedules specific work assignments on a daily or project-to-project basis within specified time requirements. Arranges for adequate personnel, materials and equipment to accomplish the work.

(2) **Work Direction:** Assigns tasks to be performed. Explains prescribed methods and procedures; instructs subordinates on new procedures and provides assistance on problems. Reviews work in progress and on completion. Obtains approval from supervisor for changes in standard or prescribed procedures and changes in work operations. Suggests ways or methods to improve operations or reduce costs.

(3) **Administration:** Recommends individuals to fill vacancies or for promotion or reassignment. Assists in the establishment of performance standards and makes recommendations for performance appraisals. Counsels with employees on disciplinary issues and recommends disciplinary action. Attempts to resolve informal complaints and grievances, referring unresolved or more serious issues to supervisor. Conducts on-the-job training and recommends employees for formal training programs. Schedules leave and approves leave for short periods of time. Encourages employees to participate in suggestion or cost reduction programs. Ensures that regulations governing safety and housekeeping are observed with appropriate protective clothing and equipment being utilized. Explains and implements such personnel programs as equal opportunity, position management, position description review, and labor relations. Maintains production reports and records.

(4) Performs the nonsupervisory functions of the organizational segment supervised.

(5) Implements regulatory safety requirements and ensures that subordinates wear appropriate safety equipment and follow pertinent safety precautions. (6) Prepares for and participates in various types of readiness evaluations, inspections, mobilization and command support exercises. May be required to perform additional duties such as structural fire fighting, aircraft fire/ crash/rescue duty, security guard, snow removal, munitions loading and handling, heavy equipment operator, maintenance of facilities and equipment, or serve as a member of a team to cope with natural disasters or civil emergencies.

(7) Performs other duties as assigned.

## c. RESPONSIBILITY:

Supervisor provides general instructions, standard procedures, overall priorities and policies and relies upon the incumbent to control work operations and accomplish an adequate quantity and quality of work. Work is reviewed for efficient and economical accomplishment within established priorities and controls.

## d. PHYSICAL EFFORT:

Work involves climbing, stooping, standing, bending, stretching, and working in tiring and uncomfortable positions. Requires moderate to strenuous physical exertion. Lifts equipment and components weighing from 20 to 50 pounds and occasionally lifts weights up to 80 pounds such as generators, engine starters, and ejection seats with the assistance of weight handling equipment or other workers.

## e. WORKING CONDITIONS:

Works inside and outside, in inclement weather, on icy, wet, and slippery ramps, aircraft surfaces and work stands and in temperature and humidity extremes. Subject to the dangers from exposure to toxic fumes, high pressure air and fluids; fast actuating metal aircraft surfaces such as landing gears, speed brakes, missile doors and flaps; engine noise, heat, blast, intake suction, rotating propellers; explosive munitions; electrical voltage; cartridge actuating devices; liquid oxygen; fire or explosion of aircraft fuels, lubricants, paints and solvents.
