# The District of Columbia Air National Guard

DC is an Equal Opportunity Affirmative Action Employer

This announcement must be posted on unit bulletin boards until the day following the closing date.

**Announcement Number:** 20-322

**Position:** Deputy Base Civil Engineer

**Brief Description of Duties:** Plans and organizes facility planning and public works architect and engineering activities and ANG Base-wide responses to natural disasters, terrorist attacks and fire response services in accordance with USAF directed concept of operations. Plans and directs the major functional areas such as readiness (wing-wide response to natural disasters, major civil and military aviation accidents, attacks, and terrorism responses; wing-wide nuclear, biological and chemical defense preparation), plant facilities, engineering, long range facilities program development, engineering and construction, operations and maintenance, fire protection engineering, environmental engineering and fire department first responses to fires and hazardous chemical incidents. Provides the ANG Base with the following: (a) designs for ANG Base-accomplished work (contract or In-house); (b) project development plans and specifications for contract work; engineering and planning incident to master planning, development of military construction programs, including preliminary design, and the preparation of maintenance, repair, and minor construction fund programs; fire protection and prevention program; and (c) expertise on environmental protection requirements, reports, and written assessments. Exercises authority as the ANG Deputy Base Engineer in planning, supervising, managing, directing, controlling and coordinating activities. Such authority extends to engineering and management decisions in the operation and administration of the engineering program. Directs operations through subordinate technician, military, and/or state civilian supervisory personnel. Reviews mission change documents, program guides, regulations and directives, and determines engineering requirements for the construction, alteration, modification, repair and maintenance of all buildings, hangars, nose docks, shops, utility plants, ramp areas, roads and grounds, etc. to provide the installation with the capability for accomplishing the unit mission, (i.e., provide for the training of a Group/Wing to achieve combat readiness). Considers a variety of elements in determining funds available, contour of land, soil condition, weather and its effect upon building material, new engineering concepts, USAF Guides, etc. Perform other duties as assigned.

**Qualifications:**

1. Must be able to retain a SECRET security clearance.
2. Must Be AFSC Qualified: 32E3G

**Eligibility Requirements:**

1. Applicants who have been separated for cause from active duty or a previous AGR tour are ineligible.
2. Prior to entry into the AGR Program, member must be medically cleared by the 113th Medical Group.
3. Must meet all eligibility requirements in accordance with ANGI 36-101.
